Thinking Out Loud

(By H. M. L.)

Elwood Squires, assistant secretary to the State Board of Equalization, and an old grad o tfhe U. C., has suggested that after the big football games in the stadium at Berkeley, Stanfard and U. C. L. A., student bottle smashers be delgated to break the liquor containers that are found under seats following the gridiron fray. The bottles with stamps affixed are now carted to the city dumps, where any common bootlegger can retrieve them and refill them, contrary to law. Squires reports upwards of 1,000 empties after each big game. It might be agrued from this that students are a wild lot of whiskey punishers, but the bottles will be difficult to pin on them. In an audience of 80,000 spectators not more than 10,000 will be students. The rest are old grads, professional persons, and their ladies, shoe clerks, butchers, regents and common bums—a cross section of American life. Nuh! Nuh! It would not be fair to load the bottles or even the bottle smashing on the students. If students must be delegated to this task, we respectfully suggest that the losers in the game do it.

John Collier, Commissioner of Indian Affairs, under the Secretary ot the Interior, has secured a Congressional act which will protect poor Lo in his arts and handicrafts against machine counterfeits. Genuine Indian art and craft goods may now be government stamped and spurious imitations known by their lack of a stamp. Further than that, it is proposed to revive and develop arts among the Indians which, under the distracting influences of civilization, have fallen into disuse. The department will also aid these artisans in finding a market for their tepee manufactures. When one thinks of all things which have been done to debase, brutalize and cheat our Indian tribes, Collier's outstanding efforts to improve their conditions are pleasant to contemplate.

In times past, when daring school marms and masters, and educational authorities in general had the temerity to introduce into the schools such courses as music, drawing, various handicrafts, and segregation of pupils according, not to their ages, but to their abilities, we heard a lot of back chat from ancient ones reared in the older schools, respecting the futility and wasteful expense of "frills." But time has proved this pudding to be good eating, The "frills," so called, and the segregation of pupils in classes according to their abilities rather than their ages, have developed the unsuspected and latent talents of many a child and found square holes for square pegs in our economic life. Very rarely nowadays do we hear some old shellback caustically remark on the decadence of these days as compared with those when learning the three R's and discipline pertaining thereto were inculcated by means of the hickory stick and the good right arm of the school master. Today in most American schools the child is trained along the lines of the future highest usefulness in later life. The world do move, thoughbeit very slowly.

We are glad to note that one driver who had the affrontry to double park in Broad street has been fined $1.00. Chief Robson does occasionally nab some driver who goes off and leaves his car standing near the middle of the street. Of all nuisances either in Nevada City or Grass Valley, double parking is the worst, and it does seem as if out-of-town trucks were the worst offenders. Trucks with wide beds, bread and grocery trucks, are usually double parked. We know it is some inconvenience to the drivr of these various trucks to park normally as other cars are compelled to park, and that, if properly parked, their drivers have to carry their goods for half a block, but we don't believe their inconvenience should weigh against that of hundreds of other users of the streets. Aside from violating the city ordinances, it is an impudent imposition and it should be stopped.

BIG THRONG ATTENDS SAN JUAN WHIST PARTY

(By KATHERINE BRAITHWAITE)

The first public card party that has ever been staged in North San Juan, in the memory of the old-timers on the Ridge, was successfully sponsored last Friday evening in the schoolhouse by the North San Juan Ridge unit of the P. T. A.

Despite the threatening weather everyone from French Corral to Cherokee turned out and were amply rewarded by an unusually good game of cards and enjoyable social. Whist was the game of the evening and the ladies highest score was a tie between Mrs. Frank Harris and Miss Wilma Kessler. The two ladies cut for the honor and it was won by Miss Kessler. Mr. Ward Clarkson, treasurer of the North San Juan Improvement League, held the highest score for the gentlemen.

Mr. Lewis Woods, who is the proprietor of a modern butcher shop and first class grocery store, donated the door prize. This prize was packed in a large box and contained a complete uncooked meal which included among other articles, a generous portion of fresh meat, vegetables, and desert. Mrs. Sydney Strand who held the luck number believes a prize like that can be greatly appreciated these days.

Mrs. Stella Thompson baked a beautiful layer cake and decorated it appropriately with the letters P. T. A. and other fancy embossment. This cake was auctioned off by Mr. George Uhrig whose spontaneous humor and never failing exuberance always make him the life of every party. The cake was sold to Mr. Frank Harris for $2.50 who returned it to be auctioned again. This time Mr. W. F. Sharp bought it for the sum of $2.00 and promptly returned it to be auctioned again and was sold the third time for $1.50 to Mr. Robert Braithwaite.

Unlimited credit for the success of this card party should be given to the refreshment committee comprised of Mrs. Percy Hepburn, Mrs. Celete Washburn and Mrs. Lowell Miller. These ladies provided an abundance of cakes, sandwiches, coffee, and other incidentals that are needed to refresh the inner man along about midnight

This party was a benefit affair to obtain money to purchase gasoline lights for the schoolhouse Up until now it has been embarrassed with borrowed lights or none at all. The second of this series of card parties will be held early in December. The object of this affair will be to give the children attending the five schools on the Ridge a splendid Christmas party and program in the new Twamley Hall at North San Juan. It has been suggested that a suitable date be chosen a week before Christmas and the teachers and parents co-operate this year and allow this fine Hall the honor of giving the school children on the Ridge a Christmas party they will long remember.

FASHION REVUE FOR HI SEWING CLASS THURSDAY

(By BEN SWEENEY)

The first of the 1935-36 fashion reviews sponsored by the home-making department of the Nevada City high school will take place next Thursday afternoon in the high school auditorium. At 2:30 the modelling of over twenty five different garments of the first and second year homemaking classes will take place. This fashion show is open to the public and all who are interested are cordially invited to attend. There will be na charge for this review.

Two similar reviews were carried on last year very successfully and Miss Bartholomew, home-making department head, promisd a bigger and better showing next Thursday.

HIGHWAY FIRST-AID ON RED CROSS PROGRAM

Mrs. Beatrice Weber, field representative of the Red Cross is in Nevada City in connection with the Red Cross Roll Call here.

Among its other services the American Red Cross is particularly active in disaster relief through out the nation. A first aid on highway project has been added to the Red Cross program and emergency first aid stations are being established by the various chapters on the main traveled thoroughfares. At the meeting tonight of the Nevada City chapter plans will be considered to make a survey of the needs of this area.

Mr. Charles Eden, who resides at Indian Flat is critically ill. His many friends hope for him an early recovery.

BONE, ABANDONED BY DOGS, HURLED BY CAR, BREAKS SHOW WINDOW

The innocent bystander escaped, but the window of the Grass Valley Morning Union was shattered Saturday when a car on Broad street ran over the vertebra of an ox over which two dogs had recently quarreled and hurled it with machine gun force against the glass.

The bone of contention, which two hungry dogs had a few moments earlier been forced by compassionate spectators to abandon, in the midst of their battle, had been left in the street. Broken glass hurtled against the counter and the bone bounced back on the sidewalk. Question now arises whether any clause in the insurance policy forbids such a Rube Goldberg combination "funny" of fighting dogs, bone, automobile and smashed window.

ROTARIANS FROM MANY CLUBS TO BE GUESTS HERE

Grass Valley, Auburn and Marysville Rotarians and their ladies have made reservations for the big banquet to celebrate th presentation of their charter, which the Nevada City Rotary club is giving tomorrow, Tuesday, evening in the Elks Home.

Oscar Odegaard, president of the recently organized Nevada City club, states that he expects upwards of 200 at the dinner. Grass Valley Rotary have agreed to attend, 100 per cent, with their ladies, the Auburn club eliminated its Tuesday luncheon meeting so that all members and the ladies could attend, and from Marysville comes word that there will be between thirty and forty from the club there, to grace the festive board tomorrow evening.

UNIVERSITY MEN, WOMEN TO RALLY AT GRID DINNER

Judge Raglan Tuttle announces that approximately ninety University men and women have made reservations for the pre-football dinner which will take place next Wednesday evening at 6:30 o'clock in the Elks dining room.

Orlando McCraney, chairman of seservations committee stated that a telephone canvas now going forward would probably bring the number of those attending to about the same number as last year. Younger graduates of universities, and all those who have attended college, whether graduated or not, are especially invited to attend.

The program will consist of the dinner hour and a half ,in which college yells and songs will enliven the repast, and from about nine o'clock on there will be dancing. The dinner will cost $1.00 per plate.

FIFTY MEN AT WORK ON RUBY QUARTZ MINE

Development work continues unabated at Ruby quartz mine, owned by C. L. Best, Caterpillar Tractor Co., San Leandro, Calif. Property is located in Sierra Co., with E. C. Montgomery, resident engineer, Downieville, Calif. Forty men are employed. Property will be operated throughout the winter. Operating staff includes L. L. Huelsdonk, mill superintendent; A. R. Hinton, chief electrician; and R. L. Hathaway, chief of construction.

BULLION MINE CRUSHES 80 TONS ORE DAILY

Eighty tons of ore daily are being mined from Bullion mine of Grass Valley Bullion Mining Co., Harold Lynn, superintendent, Grass Valley, Calif., and reduced at the Idaho-Maryland mill. A new shaft is to be sunk at the Alaska mine, south of Bullion. Development in the Alaska following unwatering is reported to show ore of good grade.

HI BASKETBALL DATES NAMED

(By BEN SWEENEY)

Having played and won the first practice game of the season, the Nevada City high school quintettes have begun practice in earnest for a full league schedule. Their first game, played last week against the B squad of the Nevada City Golds was won by the high school A team. The league schedule as received by Coach B. C. Barron is as follows:

December 13, Wheatland, Wheatland.

December 20, Lincoln, Lincoln.

January 3, Grant Union, Grant Union.

January 10, Roseville, Home.

January 17, Grass Valley, Home.

January 20, Placer, Placer.

January 31, Roseville, Roseville.

February 7, Grass Valley, Grass Valley.

February 14, Placer, Home.

February 21, Lincoln, Home.

Febuary 28, Grant, Home.

The games with Wheatland are the only ones to date that carry a C game in their league schedule, the others sponsoring A and B teams only. Coach B. C. Barron is attempting to schedule more C contests since there is good material here for a quintette from that division.

Since their first practice a short time back, the boys have been developing plays and practicing hard. Practice games yet unscheduled will no doubt be played before the season officially opens to keep the players in trim.

RAY STEGER CAPTAIN OF YELLOWJACKETS

The members of the Nevada City Yellowjackets chose last Friday evening as the time to vote for the man whom they considered as outstanding in ability, sportsmanship, and willingness during the 1935 football season. Following the turkey dinner which was served the team by "Charley" Wyant, the boys cast their votes to ascertain who would receive the Howard Penrose silver trophy, and when the ballots were counted, Mervin "Smiley" Doolittle, right guard, was the chosen man. Beaming with the happy smile that has given him his nickname and made him popular not only with his team mates but with the members of the high school student body, Doolittle accepted the trophy amid the cheers of the rest of the players.

On this same occasion, Ray "Sonny" Steger was named honorary captain for the 1935 season. Steger held down the right end position on the Yellowjacket eleven this year and did some excellent pass snatching and flashy running during the season.

IRA W. KIRBY PRAISES HI SCHOOL PUBLICATION

That praise of the 1935 Quill is far from being just local was revealed this week in a letter received by Principal H. E. Kjorlie from Ira W. Kirby, Chief of the Bureau of Business Education, State of California. Mr. Kirby was sent a copy of the publication, and wrote the following letter to Principal Kjorlie in reply:

Dear Mr. Kjorlie:

It was a delightful surprise to look over the copy of "The Quill" that was sent to me. The book is so well done, so neat, artistic and lovely in every way that I want to congratulate those who are responsible for this outstanding school annual.

A project of this kind needs to be commended and encouraged. It is so much better than the usual annual, and to think of the satisfaction that the students who worked so hard and intelligently must have received in producing it. Undoubtedly the training received in working out such an annual is equal to any experiences obtained throughout their school course. May this success be repeated year after year by others who follow.

Will you kindly convey my appreciation to whoever was responsible for sending me the copy of "The Quill."

Sincerely yours,

IRA W. KIRBY,

Chief, Bureau of Business Education.

Such high praise of the 1935 Nevada City high annual is warmly appreciated by those who worked in producing it. It was edited by Audrey Davis, with Mrs. Eva Flewellen acting as faculty advisor.

MAJOR DELANEY NOW HEADS BANNER MT. POST

Owing to the storm Sunday the Veterans and Auxiliary of Banner Post were not able to hold their parade but despite the steady drizzle of rain over 150 members and visitors assembled in Odd Fellows Hall in Nevada City for the joint installation. It was the most successful meeting ever held by the post.

The Ladies Auxiliary officers were installed first with Mrs. Jessie Costaas president, Mrs. Paxman of ficer.

As Major Delaney was installed he was presented with his badge of office by C. E. Bosworth, retiring commander. Major Delaney presented Mr. Bosworth with his badge as past commander. Mr. Frank Loranger, past commander of Roseville Post, was installing officer.

Among the visitors present were Legion Commander Ed Bowden, of Hague-Thomas-Hegarty Post, and Mrs. E. R. Burtner, Ladies Auxiliary president, of Grass Valley.

After enjoying a delicious dinner short talks were made by several prominent members among them being Mr. R. L. P. Bigelow, superintendent of the Tahoe National Forest, as honorary member.

After adjournment several members of the post and auxiliary went to the apartment of Major and Mrs. Delaney where a little reception was held in honor of the newly installed commander.

The next meeting of the post will be December 12 and several new members will be initiated.

During the evening a touching incident was the meeting of Major Delaney and his commanding officer, Mr. William Voight, whom he had not seen since leaving over seas battle fields. Through a misunderstanding he was not present for the installation.

EASTERN STAR WILL INSTALL OFFICERS TUES.

Evangeline Chapter, O. E. S., of Nevada City will hold an elaborate ceremony of installation tomorrow evening, November 19, in Masonic Hall. The decorative scheme will be Spanish, similar to the last meeting of grand chapter at Coronado. Tiny favors were brought from Coronado for the table decorations. All officers in the installation ceremony will carry French bouquets in keeping with their stations.

Officers to be installed are: Miss Kate Eddy, Matron; Mr. E. P. Gleason, Patron; Mrs. Helen Berger, Associate Matron; Mr. Joseph Stenger, Associate Patron; Miss Alice Cooper, secretary; Mrs. Janie Hall, treasurer; Mrs. Alice Davies, Conductress; Mrs. Catherine Celio, Associate Conductress; Mrs. Kate Stenger, Chaplain; Mrs. Lydia Talbat, Marshal; Mrs. Maud Hays, Organist; Adah, Mrs. Irne Barron; Ruth, Miss Lois Eden; Esther, Miss Ruth Tamblyn; Martha, Mrs. Bernice Penrose; Electa, Esther Tremaine; Mrs. Virginia O'Neil, Warder; Mrs. Annie Sherman, Sentinel.

Mrs. Lyda Talbot outgoing matron will be installing officer, and Mrs. Edith Davies, will assist as Marshal.

A supper will be served late in the evening.

FUNERAL TODAY FOR PETER THOMAS HILL

Funeral services were held this afternoon at two o'clock from the Holmes Funeral Home for the late Peter Thomas Hill who passed away at his home near the Nevada City Airport at 1:30 Saturday. Deceased had been suffering from asthma for several months past.

Deceased came to this section about 30 years ago. and later married Miss Annie Olsen who passed away several years ago.

He is survived by one brother, James Hill, with whom he lived on the Hill ranch and a sister, Mrs. Louise Morcum of Gold Flat.

The pall bearers were: E. Towle, C. Towle, Bert Hallett, T. Torpey, Dave Davis and Mm. Chappell.

WOMAN IS HELD TO ANSWER ON PERJURY CHARGE

Mrs. Alpha Lattin Hanson, in a hearing this afternoon before Justice of the Peace Morehouse, sitting for Judge Walter Mobley, on a charge of perjury, was held to answer in the superior court. Her bail was fixed at $1,000 property bond.

Mrs. Hanson was a witness in the trial of D. L. Tetro and Thomas Hall charged with doing building contracting without a license. She testified for the state, alleging that the two accused had contracted to build apartment flats for her opposite the high school. The jury, however was convinced they were hired by the day. Following the acquittal of Tetro and Hall, she was charged with perjury. She produced receipts for payments on the work which witnesses claimed had been tampered with after she received them. Judge Walter Mobley was a witness to affidavits issued in the case.

MANY HUNTERS BAG PHEASANTS

Pheasant season opened last Thursday and many nice birds were brought in by local sportsmen. Frank Ghitdotti and Carl A. Hall, of this city each brought in the limit of two cock pheastnts and a half limit of quail. Messrs Hall and Ghidotti saw 25 pheasants while on the trip.

Mr. Russell B. Farley was successful in securing the limit near Marysville last Sunday.

Mr. A. Cartoscelli was another local hunter who killed his two birds during the week end.

Mr. John Tognarelli of Nevada City killed limits of pheasants an Friday and Saturday. His daughter, Miss Catherine Tognarelli, while hunting with her father, Saturday, killed a bird also.

Mr. Dave Richards is out with a group of sportsmen today hunting pheasants.

Beryl Robinson of this city was one of the successful hunters who killed the limit of two beautiful pheasants during the open season.

W. C. Buffington of Nevada City motored to Glenn county last Friday and brought home a nice pheasant he killed in the rice district. Many birds had been killed just before Mr. Buffington arrived and he had a hard time securing one.

Mr. and Mrs. Ben Bowman of this city are in the Browns Valley district this afternoon and it is understood they are hunting pheasants.

The season closes Wednesday, November 20 and it is expected that many more birds will be brought in by that date.

WILLIAM SHEBLEY IS CALLED BY DEATH

M r. William Shebley, member of a prominent pioneer Nevada County family passed away in Sacramento this morning. Holmes Funeral Home will have charge of funeral arrangements. Mr. Shebley has been connected with the fish and game commission of the state of California, practically his whole life taking an active part in fish culture. He was on the advisory board for a few years and was retired about two years ago. He leaves several relatives to mourn his passing among them being a nephew Mr. Jack Shebley, of the Shebley Service Station of Nevada City. Holmes Funeral Home will have charge of funeral arrangements.

MORSE CONVICTED

W. B. Morse, mining operator and manager of the Metals Consolidated Corporation, was convicted in the justice court this afternoon of failing to post a notice of pay day. He was given a suspended sentence of 60 days in jail, the time he had already spent in jail to apply on the term.

PASSING OF MARY BRANEGAN

Mrs. Mary Branegan of Grass Valley passed away at 7:30 o'clock this morning. The remains are at Holmes Funeral Home with funeral arrangements awaiting word from her daughter in New York City.

When Would You Fight?

(Contributed)

How does the average American feel about war?

Almost everyone old enough to read or write has expressed an opinion on this subject, but—

Has anyone taken the trouble to find out, by actually asking large numbers of representative citizens what they would do if the United States declared war?

One such survey, nationwide in scope, is now in progress, being sponsored by the Council for Social Action, a church organization. Answers given to the above question by 492 Californians were disclosed the other day. They make interesting reading.

One hundred and eighty-nine said they would fight only after the government had made the utmost use of every agency for peace.

One hundred and seventeen would fight only after United States' territory had been invaded.

One hundred and fifteen would fight in any war the United States might declare.

Thirty-seven would fight only in a war against any internationally recognized aggressor.

Thirty-five would not fight in any war the United States might declare.

This group of citizens favored government control of munitions as the most effective means of preventing war, with their second choice preventative being peace agreements such as the Kellogg Pact and their third a more equal distribution of resources and markets.

This is, of course, just one cross-section of one group of middle-class Americans. But if it is representative, it tells us that only 46 per cent of our population would fight under conditions similar to those of the World War—that is, after America had made efforts for peace and before her territory had been invaded.

At least this is evidence of a significant shift in opinion—one that statesmen had best keep in mind during these anxious times.

WASHINGTON NEWS

WASHINGTON, Nov. 14.—Mr. White of the Mountain View mine has returned here and resumed work with a small crew of men.

Mr. Collins has been able to get the heavy equipment moved to his property and is now working with several men employed.

Mr. and Mrs. S. Smith visited relatives and friends at Red Mountain last week, returning to Washington last Thursday.

Mr. Bob Slayter and MacCordone of San Anselmo were visitors in Washington over Armistice Day. Mr. Slayter is a son-in-law of E. A. Langford.

Mr. and Mrs. S. Ellis were visitors at Lincoln over Saturday.

Mrs. Wachter who visited her daughter Mrs. Walter Burrows at Nevada City has returned home.

NOVEL MEANS USED TO REACH CHANNEL GOLD

Williams Bar, near Smartsville, reportedly always rich in gravel channel gold, is at present being worked by interests in a most unique manner.

A Keystone drill using a six inch casing, coupled with a sand pump is removing the gravel to bedrock.

The drill moves downward 12 inches in one operation, and crushes gravel to one-sixth of an inch. Upon completion of this operation, the drill is removed and the sand pump is lowered into the casing, and sucks up the crushed rock and gravel which is then diverted into a core box, resembling a sluice box but covered with markings to determine cubic yards of waterial dumped.

The dumped gravel is run from the sluices to a rocker to concentrate material for panning.

The average depth made by the day and night shifts, is about forty feet, a generator being installed for lights for the benefit of the latter.

Water is being pumped from the Yuba to the scene of operations by means of a gasoline pump.

Elroy Stebbins of San Francisco is mining engineer and J. Keene is foreman in charge of operations, which are intended to be continued for the next two months.—Sierra Sun.

GOOD SERVICE COSTS NO MORE

A modern establishment—a trained, intelligent and courteous personnel — distinctive motor equipment and other evidences of progress and prosperity are NOT an indication that funeral service charges will be high. A successful concern can be built only by serving honestly and well, at prices that are fair and reasonable.

TURKEY SUPPLY LESS THAN 1934

BERKELEY, Nov. 18. — The Thanksgiving and Christmas turkey is expected to be a bigger and heavier bird than was the case last year but a smaller supply is indicated outside California at least. In the mountain states a decrease of 13 per cent from last year is looked for in the turkey crop, while the coast states are expected to show a 5 per cent decrease. Feed supplies in all sections are much larger than a year ago, explaining why there will be both more light and more dark meat on the holiday bird.

This preview of the turkey situation is taken from the annual Agricultural Outlook of the University of California College of Agriculture, which is to be distributed in a few weeks. This preliminary statement also says that poultry supplies generally probably will be sort during the winter of 1935-36 and prices are likely to be relatively high. Storage stocks of dressed poultry on October 1, 1935, were almost 30 per cent smaller than on the same date in th previous year. Both storage stocks and marketings are likely to be below average up to July, 1936.

FIRE TRUCK FOR DOWNIEVILLE

A new Chevrolet truck fully equipped for fire fighting has been purchased through public subscription for the town of Downieville. It is equipped with a pumper and should the town water supply at any time prove inadequte, water can be pumped from the nearby river. Often in the winter the reservoir is frozen over so the pumper was felt to be a necessity.

PARKING AT HYDRANTS LEGAL, BUT KNOW HOW

SACRAMENTO, Nov. 18.—You are within the law if you park next to a hydrant—but be sure you know how it's done, warns Chief E. Raymond Cato of California highway patrol.

And here's the chief's advice:

A licensed and competent driver must be in the front seat of the parked vehicle. The person seated in the vehicle must be prepared to move the parked car immediately in case of necessity.

Congressman Harry L. Englebright delivered the Armistice Day address at Placerville. Mrs. Englebright accompanied him to Placerville.

Mr. and Mrs. John W. Darke spent the week end in San Francisco. They returned to Nevada City in a 1936 Buick which they purchased through L. S. Elkus of this city.

Mrs. George Downey of this city is visiting her daughters, Mrs. Earl Beatty of Sanger and Mrs. H. Sherwood of Kerman.

Mr. and Mrs. W. E. Wright entertained a group of young people yesterday afternoon at which the engagement of their daughter, Miss Eugenie Wright and W. C. McCulloch of Nevada was announced. The wedding will take place in the near future.

REAL ESTATE DEALERS PLAN REALTY BOARD

J. Mortimer Clark, California Real Estate Commissioner, was the guest of honor Friday at a dinner given in Grass Valley by Nevada City and Grass Valley realty dealers. The commissioner was accompanied by his assistant, W. Del Richards of Sacramento. Those attending the dinner were C. E. Clinch, W. W. Esterley, John J. Looser, C. B. Grenfell, Harold Biggs, Donald de T. Strandburg and Charles M B.rown. Plans were discussed for forming a real estate board among dealers in the twin cities. Following the dinner the visitors were taken for tour of the district and the building activity and new subdivisions opened were of much interest to them.

Dr. and Mrs. A. H. Tickell spent a few days early in the week in San Francisco.

Ray Hawkins of Alleghany was a Nevada City visitor Tuesday.

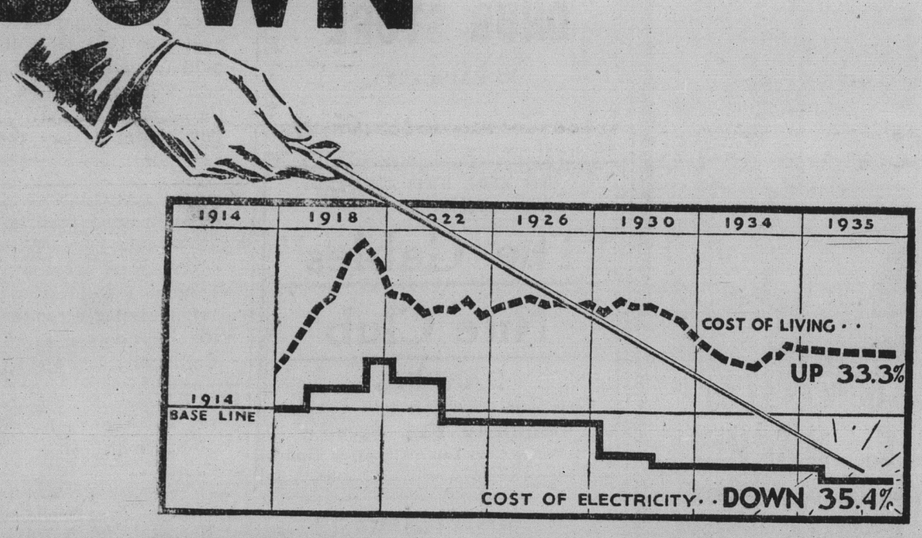
DOWN



AGAIN—Electric RATES DROP

Down they go! Beginning with your January bills electric rates will be reduced for home use, for commercial lighting and large industrial power, according to the amount of electricity used.

Down goes the cost of electric cooking and water heating, lighting, for washing machines and ironers, and for all the smaller uses, from the electric clocks to the doorbell transformers, to the percolator and toaster that get the daily breakfast. Electricity becomes cheaper, too, to every merchant, large or small, and in all office buildings for commercial lighting of windows, stores, counters, signs, etc.

It is important news and good news that this reduction will save Pacific Gas and Electric Company customers nearly $4,000,000 a year. It is unusual news in these days when general living costs are pushing higher and higher. Think of it! As shown in the chart above, the Cost of Living is UP 33.3% above the pre-war level. The cost of electricity with the new low rates is 35.4% below that level—and that means 68.7% below today's cost of living.

Establishing a record unmatched by any other item in the cost of living, the cost of electricity has steadily gone down since 1928. Successive rate reductions since that year show an accumulated total of $54,-621,000—equivalent to an annual saving to customers of over $6,800,000.

SUPERFEX
oil burning HEATERS

IF WINTER usually means months of stoking and ash-hauling for you, investigate the Superfex Heat-Director! Connected to a flue like an ordinary stove, it burns inexpensive fuel oil and directs the heat where you want it.

No moving mechanism. No drafts to regulate. To direct the heat, just open the patented heat-projectors on one, two or three sides of the heater. All Superfex Heater models are listed as standard by the Fire Underwriters. Terms to suit your convenience. A product of Perfection Stove Co.

Cross section of Superfex Heat-Director above, shows how it works. Oil flows through copper pipe from removable reservoir to burner bowl in which constant level is automatically maintained. Fire is lighted through opening in front with no more kindling than a piece of paper. Constant control of heat by means of simple dial at rear.
